

BM 3804 DESK-TOP EMERGENCY MICROPHONE CONSOLE

DESCRIPTION

BM 3804 is a desk-top emergency microphone console exclusively dedicated to DXT 3000 Voice Alarm system, and can be used both for live announcements and prerecorded messages activation. It features complete self-diagnostic functionalities and system status reporting in compliance with EN 54-16:2008 standard. Up to four consoles can be daisy-chained on the line, the first of those has emergency functions and it is powered directly by the master unit, while the others need local 24 V DC adapters.

FEATURES

- Live emergency announcements
- Pre-recorded messages activation
- Complete self-diagnostic
- Powered by master unit
- Hi-quality cardioid microphone
- Robust metal case

A&E SPECIFICATIONS

The product shall be a desk-top emergency paging microphone / console exclusively dedicated to a voice alarm system.

It can be used both for live announcements and pre-recorded evacuation / alert messages activation. It shall feature complete self-diagnostic functionalities and system status reporting in compliance with EN 54-16 standard.

Up to four paging consoles can be daisy-chained on the same line, the first shall have emergency functions and be powered directly by the master unit (the others can be powered by local 24 V dc adapters).

If necessary, every paging microphone can be expanded with additional keyboards having 6 zone buttons.
