- 6) Now you can register your item using the serial number printed on the hologram placed on the back of your products

**THANK YOU FOR PURCHASING
THIS ORIGINAL RCF PRODUCT.**

Ever since its founding in 1949, RCF has prided itself on carrying out the design and manufacture of its own products and components. This certificate guarantees that you own an authentic RCF transducer - the product of years of experience, innovation and passion for sound. This transducer has been carefully inspected to ensure it meets the rigorous standards set for all RCF premium products.

QUALITY REFERENCE No.

The RCF hologram must be present both on this card and on the product.

The RCF hologram should contain:

- The RCF brand logo on a background of smaller logos (left)
- The Italian flag (right)
- Sound bars on a background of transducers (centre)
- The product serial number (bottom)
